# One Avighna Park bags international award

At the design et al International Hotel and Property Awards, the One Avighna Park project bagged the prize in landscape category. The International Hotel and Property Awards reward the best in hospitality interior design and architecture from across the globe. The project blends grandeur with progressive eco-consciousness. The developers envisioned a three level podium garden with sculpted waterscape and lush greenery that opens up to a panoramic view of the city below and double height landscaped decks. The project has been receiving accolades the world over. It has been recognised as the world's best residential high-rise development by the International Property Awards, London – in December 2012. It has bagged thirteen international property awards including the Best Residential High Rise Development in Asia-Pacific, and the Best High Rise Architecture in Asia-Pacific. Pre-certified as a Platinum-rated building by the Indian Green Building Council, OAP has combined sustainable building practices and high-class amenities. Recently, the project was also awarded Best Ultra Luxury Residential Development. It is the first rehab tower in Mumbai to achieve Gold pre-certification.
